SJRWMD COST SHARE GRANT PROGRAM CHECK PRESENTATION

BUNNELL – James Troiano, Intergovernmental Coordinator, St. Johns River Water Management District (SJRWMD) presented a check to the City in the amount of \$266,160 for a FY 2017-18 Districtwide Cost Share Program. This grant is for the construction of a Rapid Infiltration Basin (RIB) and Eliminate Equalization Basin (EQ) aeration at the City Waste Water Treatment Plant. The project will allow the City to reduce its nutrient loading to Haw Creek and more fully develop the reclaimed water customer base due to new flexibility of disposal options, recharging the aquifer during certain weather conditions, as well as reducing surface water discharges to receiving bodies of water.

Pictured from left to right are the following: Bunnell Mayor Catherine Robinson, Bunnell Utility Manager Mike Baldwin and SJRWMD Intergovernmental Coordinator Jim Troiano.
