A. Call Meeting to Order and Pledge Allegiance to the Flag

Mayor Robinson called the meeting to order at 6:00 PM and led the Pledge to the Flag.

B. Roll Call (Present): Mayor Catherine D. Robinson; Vice Mayor Rogers; Commissioner Tonya Gordon; Commissioner Tina-Marie Schultz; Commissioner Pete Young; City Manager Alvin Jackson, Jr.; Finance Director Kristi Moss; Infrastructure Director Dustin Vost; Community Development Director Bernadette Fisher; City Engineer Marcus DePasquale; Chief David Brannon; City Clerk Kristen Bates; Deputy City Clerk Bridgitte Gunnells

C. Presentation

C.1. Fiscal Year 2023/2024 General Fund Tentative Budget Discussions

Finance Director Moss went through a presentation regarding the General Fund. Included in the presentation was information on how to read the property tax bills and a comparison of some tax bills showing the proposed .1/2 mil increase and how much a tax bill would increase just on the increased assessed property values and with the 1/2 mil increase to the Bunnell rate.

Commissioner Young asked if any funds would be left over from this year. Finance Director Moss stated we would not know if there will be any carry over budget until the end of August or September.

Mayor Robinson asked if there were grants to assist cities becoming ADA compliant. City Clerk Bates stated the City continually looks for these, but most authorities feel it is the responsibly of the local government. City Manager Jackson also confirmed this is now one of those unfunded mandates on government and is something to be addressed to receive grants like CDBG.

Vice Mayor Rogers noted if the City did not increase the millage, it would not be able to function and level of services could be affected. He stated when the City sees a 26% increase in the insurance with no claims it is difficult to operate without an increase.

Commissioner Schultz stated she went through the budget with a fine-toothed comb and praised staff for their hard work on the budget because she knows it was hard to prepare something operating at the basics. Commissioner Schultz stated she was the last person to want to increase taxes, but also does not want the level of service to be cut either.

Commissioner Young reminded everyone the City needs to have funds available for emergencies.

Mayor Robinson said the .5 mil increase doesn't cover the rise in costs the City has no control over such as insurance costs, FRS and the salaries to the Police Department. This budget is all about safety and continuing services. She stated there is not much the City can do when faced with unfunded mandates.

Public Comments

Richard Scott (Fairway Court) stated he appreciated the Board reducing the proposed millage rate from 1 to .5 increase. He said after seeing the presentation he understands why the City is between a rock and a hard place and noted the Police Department was the largest expense to the City. He stated the Police Department does a great job but suggested they become more aggressive handing out citations which might create some revenue to cover their operations. He stated the public may be interested in helping with recreational needs or there might be some corporate donations to make changes to the parks. He understands the City does not have anywhere to make more cuts in the budget and appreciates all the efforts of the City to keep costs down as much as possible.

Mayor Robinson stated there are numerous properties that do not pay taxes such as churches and government properties within the City limits or even though whose exemptions exceed the assessed value of their home. She stated many citizens did not fully understand their tax bills, especially when it comes to CDDs and the exemptions they get through portability or homestead, etc. which further reduce the taxes collected for use to provide services to the citizens.

Mayor Robinson recognized the staff for the hard work they did to balance the budget and to be sure to cover essential items while addressing rising costs too.

City of Bunnell 2023/24 Budget – Millage rate increase

Unfortunately, I have not been able to attend the Commission meetings regarding the budget and am also unable to attend the budget meeting tonight, but I have read the minutes of the meetings. As a result, I have decided to email you expressing my disappointment with the decision to raise the millage rate for COB. At the July 24th meeting I understand the max millage rate of 8.43 mil was approved and at a subsequent meeting it was reduced to ½ mil to 7.93.

I would like to reiterate Mr Scott's comments: -

With property values increasing and more houses being built in Grand Reserve, the City should be getting the revenue it needs to operate with little to **no** millage increase. He advised Palm Coast actually rolled back their rate and while they may be a bigger jurisdiction, they still did it. He stated Bunnell needs to learn to live on its existing revenue. The residents in Grand Reserve pay a lot of money to live there. He feels raising taxes will hinder growth and stop people moving to the City.

As Mr Scott has said Palm Coast's proposed MR is 4.61 and I understand it generates more revenue, but Flagler Beach's proposed MR is 5.45, a city that has very little business. COB is proposing an increase in the millage rate when the services are not of the quality of PC or FB and we have seen no improvement to the infrastructure with previous increases. Also, it seems there is a proposal to increase the waste disposal rate. Why not look at reducing the service (if it far exceeds other surrounding city's service) and maintain the rate, although I agree the rate has not increased in 5 years of living here. I would support this increase if there was no increase in the millage rate! New City Halls and Police Stations and Libraries are being built before replacing aging infrastructure. When the water treatment is as poor as it is (as well as other services) to the point everyone in Grand Reserve has their own whole house water softener and filtration system, this doesn't look great to new residents who are simply going to move to neighboring cities, rather than suffer increasing costs for no return.

Grand Reserve is one of the main sources of tax revenue for COB and as a Deer Run CDD board member, I understand budgets and the need to work within them. Grand Reserve is a developing community and is facing 20-28% increases annually largely due to no support from COB and DR Horton with regard to old aging infrastructure. We have a new development that has old crumbling roads, and a defunct irrigation system and residents are left to pick up the pieces financially. This is wrong!

So, you are expecting your largest tax contingency to absorb CDD increases, COB tax increases, waste service increase while neighboring cities' costs are much lower. Most Grand Reserve residents are disgruntled and once the economy improves, many will move should this situation continue, including myself!

She asked if the information she provided at the previous meeting had been reviewed. She feels as the City is one of the agencies to provide money for the Carver Gym, it should ask questions about the plans and operations of the gym; she does not like what is going on at this time about changing things at the Carver Gym. She stated the gym is they only historical building left of the black schools and she does not want the gyn to lose its identity.

Mayor Robinson asked staff to respond.

City Manager Jackson said the Gym is owned by Flagler County. The County and School Board are working on drafting an Interlocal Agreement (ILA). Parties from the County, School Board, Governance Board, Police Athletic League and the City have been asked to provide input for the ILA. Chief Brannon will provide comments on behalf of the City. F.1. Resolution 2023-03 Amending the City Solid Waste Rates.

City Attorney Waters read the short title into the record. City Clerk Bates explained the proposed fee schedule. Based on the discussions at the August 7, 2023 Workshop, residential rates have been increased to \$32.00 per month with no change in service, commercial rates have been increased 15% and residential customers will be charged for all bulk pick-up.

Motion: Adopt Resolution 2023-03 Amending the City Solid Waste Rates.

Motion by: Vice Mayor Rogers

Second by: Commissioner Schultz

Board Discussion: Commissioner Schultz asked for clarification and if the rates would bring the City away from using reserves. City Clerk Bates stated the rates recommended by the Commission at the workshop still cause the City to use about \$60,000.00 in reserves, but they were hoping the charges being made to charge for bulk pick-ups will help make the deficit lower. Commissioner Young expressed his disappointment as he thought \$32 for residential services would have taken the City out of the red. Vice Mayor Rogers stated he also thought this was the magic number and was not happy.

Public Discussion: Daisy Henry asked for a copy of the fee schedule. David Williams would also like a copy of the fees and asked how a cubic yard is measured to determine how bulk will be charged.

City Clerk Bates presented the item to the Board. The City's current contact for dumping of solid waste, recycling and yard waste expires at the end of September; in order to have locked in rates for dumping the City needs a new contract. In accordance with purchasing policy, a Request for Proposal was issued. The Selection Committee met and is recommending the City obtain contacts with both bidders so the City has alternatives for dumping and disposing of items collected by the Solid Waste Department.

Motion: approve to Proceed with Contract Negotiations for RFP 2023-02 For MSW Class 1/Class 111/Landfill/C&D/MRF Recycling Service/Yard Waste/ Recycling/ Solid Waste with both bidders

Motion by: Vice Mayor Rogers

Second by: Commissioner Schultz

Board Discussion: Mayor Robinson asks if there would be opportunity for Recycling. City Clerk Bates responded as the industry changes, both bidders are

willing to work with the City on the types of items collected for recycling. Mayor Robinson wanted to go on recorded she does not want to get rid of the City's Solid Waste Services. City Clerk Bates advised this is for dumping services only as the current contract expires at the end of September.

COMMISSIONERS FOR ENHANCED 911 ADDRESSING**

THIS AMENDED AND RESTATED INTERLOCAL AGREEMENT (“Agreement”) is made and entered by and between the City of Bunnell, Florida, a Florida municipal corporation (hereinafter “City”), and Flagler County, Florida, a political subdivision of the State of Florida (hereinafter “County”), collectively referred to as the “parties”. This Agreement replaces the prior agreement entered into by the parties and recorded at book 2196 and page 1823, on April 4, 2017.

WITNESSETH:

WHEREAS, pursuant to Section 163.01, Florida Statutes, local governmental units may enter into interlocal agreements to cooperatively and efficiently use their powers to provide public services that will advance the general health, safety and welfare of the citizens of Flagler County; and

WHEREAS, the County maintains the Enhanced 911 (E911) system and the 911 Automatic Location Identification (ALI) Database on behalf of both the incorporated and unincorporated areas of Flagler County; and

WHEREAS, the County’s E911 Coordinator, pursuant to Section 365.171(4), Florida Statutes, and Chapter 60FF, Florida Administrative Code, oversees and coordinates the official addressing and street naming duties of the unincorporated and incorporated areas of the County; and

NOW THEREFORE, the parties hereto agree to assist the other party pursuant to the following provisions:

Section 1. Purpose and Intent of Agreement

To better serve the citizens of Flagler County and reduce the possibility of a delay in the delivery of emergency services due to a lack of uniformity in addressing, the City and County agree there is a need to establish a single authority in the assignment of addresses and street names within their jurisdictions. 4. The County, pursuant to Flagler County Code Chapter 24, Article II, will provide necessary notification letters to E911 address requestors conforming or denying the issuance of an E911 address with notification to the City's addressing database manager.

(D) The City hereby agrees to submit to the E911 Coordinator the following information and documentation in support of the ongoing tasks noted in Paragraph (C) above:

1. One (1) copy of each of the City's municipal ordinance(s) involving annexation and de-annexation of property within ten (10) business days after final adoption.

4. One (1) copy of any official roadway closing/vacation of City right-of-way and/or alleys or extensions within ten (10) business days after final approval.

(E) The E911 Coordinator will work in cooperation with the City and any concerned subcontracts, as well as with the County Property Appraiser, County Public Works, and any other necessary offices or agencies in implementing and maintaining the addressing system.

Re: Letter of Support for the Flagler County Nexus Center Application

Dear Chair Hansen,

On behalf of the City of Bunnell, the Bunnell City Commission would like to convey our support for the Flagler County Board of County Commissioner's grant application for funding for the Nexus Center project.

The Nexus Center project is a multi-faceted project combining a library, community center and health and human services components. These services and functions in one location would all benefit the citizens of Flagler County. As the project is planned to be located in the City of Bunnell adjacent to our Flagler Central Commerce Parkway project, this center will be of great value and benefit to Bunnell citizens, making it easier for citizens to have access to a library and other services.

The City of Bunnell therefore offers its support for the Flagler County Board of County Commission's grant application.

Thank you.

Sincerely,

Catherine D. Robinson

Summary/Highlights:

This is a request to amend the Bunnell Code of Ordinance Chapter 50 Solid Waste.

This matter was last heard at the August 28, 2023 City Commission Meeting. At this meeting, the City Commission voted to approve the proposed ordinance. In accordance with Florida Statute, this matter was advertised in the August 31, 2023 edition of the Palm Coast Observer.

Background:

At the Commission Workshop on August 7, 2023, the City Commission requested staff look at charging residential accounts for the bulk pick-ups of "replacement of similar type bulk items" or what would be household furniture.

Waiving the fees for these items is identified in the Code of Ordinance and the Solid Waste Fee Resolution. To be able to charge for these bulk items, the Code of Ordinance needs to be amended too.

The proposed ordinance removes the language which allows for certain residential bulk pick-ups at no cost.

Ordinance 2023-09 Mass Rezoning Phase 2	Ordinance
Ordinance Exhibit "B" - List of parcels & amended zoning classifications	Exhibit

Proposed Zoning Map of affected parcels	Exhibit

Summary/Highlights:

This is an administrative proposal to amend the City's official zoning map to assign Bunnell zoning classifications consistent with the adopted Future Land Use Map to 32,583+/- acres of land held in various ownerships. This is Phase 2 of a 3-phase effort to rezone property to an appropriate Bunnell zoning classification.

In accordance with Florida Statue, letters of notification to all affected property owners regarding First Reading were mailed out on June 19, 2023. Additionally, an advertisement for this proposed ordinance for First Reading was run in the Palm Coast Observer on August 31, 2023.

Background:

The City of Bunnell annexed many thousand of acres of land into its corporate limits in 2006-2007. The City's comprehensive plan was amended to provide future land use designations for the annexed land. These new land use designations were a one-to-one translation from the Flagler County future land use designation that were already on a particular property to the closest City equivalent. The underlying Flagler County zoning was left in place. Up until Phase 1 of this rezoning effort, almost all the annexed lands still retained their obsolete Flagler County zoning. A few properties having no zoning at all are shown on the official zoning map as "ND-No Designation."

This is a problem because land without City of Bunnell zoning is not covered by the City's Land Development Code. At the same time, the city does not have the authority to administer the County's land development code. This makes the remaining Flagler County zoning essentially a holding category and this is meant that property owners have been required to go through zoning changes before they can obtain building permits. Many property owners have had planned projects significantly delayed because they had not anticipated the time and expense associated with a rezoning.

To remedy this situation, the City of Bunnell has embarked on this 3-Phase mass rezoning effort. The City's planning consultant was directed to assign proposed Bunnell zoning classifications based on the Future Land Use Map in the City of Bunnell Comprehensive Plan 2035. This is a conformance with Florida Law which requires that all land development regulations which include the zoning map to be consistent with the City's Comprehensive Plan. This item is Phase 2 of a 3-Phase mass rezoning of properties that will provide Bunnell zoning classifications for properties without City zoning. Phase 1 included those properties without City of Bunnell zoning classifications that did not have any portion of the property designated as Conservation-1 or Conservation-2 on the City's Future Land Use Map. Phase 1 was concluded in August of 2022. Phase 2 includes the non-conservation portions of the properties excluded from Phase 1. Phase 3 will address the remaining portions of the properties that do have conservation designations. It is anticipated that the scope of Phase 3 will involve changes to the City's comprehensive plan, the land development code, and the zoning map.

Staff held a community meeting on April 9, 2023. All the owners of the property included in phase 2 & 3 were notified of the workshop. At the meeting, City staff and ZevCohen & Associates personnel reviewed the annexation history of the properties, the results of Phase 1 of the mass rezoning, described the plans for phases 2 & 3 and answered questions.

Individual public hearing notices were mailed to each of the affected property owners on July 19, 2023. The notices identified the affected properties by parcel number, listed their existing City Future Land Use Map designation and obsolete Flagler County zoning classifications as well as the proposed new Bunnell zoning classification.

Summary/Highlights:

As required by Florida Statute, this is the first Public Hearing to consider the tentative millage rate for FY 2023/24. The millage rate being proposed is 7.93 mils which is a half a mil (.5) increase over the current year's millage rate of 7.43 mils.

Background:

The Truth In Millage (TRIM) law requires that the following be announced at the public hearing: "The Tentative Millage Rate of 7.9300 is 13.45% greater than the computed rolled-back rate of 6.9912. The Rolled-Back Rate is the millage rate that will generate the same amount of ad valorem revenues as the prior year, less the value of new construction.

The increase is being proposed for several reasons but the highlights are; 1) The City can have a structurally balanced General Fund operating budget, meaning that recurring revenues are sufficient to meet recurring expenditures 2) To implement salary and associated operating adjustments to the Police Department so we can recruit and retain qualified staff 3) Afford the rising costs of insurance 4) Fund the increase required by the Florida Retirement System.

The TRIM law also requires that the date, time and place for the Final Public Hearing for the Annual Operating Budget for FY 2023/24 to be announced. That date is September 25, 2023 at 7:00 PM at the Flagler County Governmental Services Building."

An opportunity for public comment on the proposed millage rate and tentative budget is also specifically required by statute.

For informational purposes, an attachment has been included regarding millage rate history, and an example of tax increase/decreases to citizens, and example tax bills.

Staff Recommendation:

Make the public announcement and adopt Resolution 2023-04 Setting the Tentative Millage Rate for Fiscal Year 2023-2024; adopting a millage rate of 7.9300 and setting the Final Public Hearing

Summary/Highlights:

This is a request to approve a new contract with Environmental Land Services of Flagler County (ELS) for solid waste dumping services.

Background:

The City's current contract for solid waste dumping services expires September 30, 2023. RFP 2023-02 was released to obtain bid submittals for a new contract.

On August 28, 2023, at the Regular Meeting of the Bunnell City Commission, the City Commission authorized staff to negotiate a contract with ELS.

A draft contract has been prepared based on the fees proposed in the bid submittal from ELS. The initial contract is for a 5 year period and there are 2 options to extend the contract. Any price changes proposed after the contract has been signed would need to come before the Commission for acceptance and approval. Given the rising costs in the industry, the City needs a contract with set pricing to budget operating costs.

Staff Recommendation:

Approval of Contract 2023-17 with Environmental Land Services of Flagler County for Solid Waste Dumping Services.

City Attorney Review:

Finance Department Review/Recommendation:

Recommend Approval of Contract 2023-17. Funds for this purpose are budgeted in the Solid Waste Fund (402-0535-534-3400).

This indemnification shall survive the termination of this Agreement. Nothing contained in this paragraph is intended to nor shall it constitute a waiver of the State of Florida and the CITY's sovereign immunity.
 - iii. Workers' Compensation Insurance. CONTRACTOR must provide Workers' Compensation Insurance in accordance with Florida's Workers' Compensation law for all employees. If subletting any of the work, CONTRACTOR must ensure that the subcontractor(s) have Workers' Compensation Insurance for their employees in accordance with Florida's Workers' Compensation law. Stat.

10. Miscellaneous Provisions. The following miscellaneous provisions apply to this Agreement:

- a. **Binding Nature of Agreement.** This Agreement is binding upon the successors and assigns of the parties hereto.
- b. **Entire Agreement.** This Agreement states the entire understanding between the parties and supersedes any written or oral representations, statements, negotiations, or agreements to the contrary. CONTRACTOR recognizes that any representations, statements, or negotiations made by the CITY staff do not suffice to legally bind the CITY in a contractual relationship unless they have been reduced to writing, authorized, and signed by the authorized CITY representatives.

- c. **Amendment.** No modification, amendment, or alteration in the terms or conditions of this Agreement will be effective unless contained in a written document executed with the same formality as this Agreement.
- d. **Severability.** If any term or provision of this Agreement is held, to any extent, invalid or unenforceable, as against any person, entity, or circumstance during the Term hereof, by force of any statute, law, or ruling of any forum of competent jurisdiction, such invalidity will not affect any other term or provision of this Agreement, to the extent that the Agreement will remain operable, enforceable, and in full force and effect to the extent permitted by law.
- e. **Construction.** If any provision of this Agreement becomes subject to judicial interpretation, the court interpreting or considering such provision should not apply the presumption or rule of construction that the terms of this Agreement be more strictly construed against the party which itself or through its counsel or other agent prepared it. All parties hereto have participated in the preparation of the final form of this Agreement through review by their respective counsel, if any, or the negotiation of specific language, or both, and, therefore, the application of such presumption or rule of construction would be inappropriate and contrary to the intent of the parties.
- f. **Headings.** All headings in this Agreement are for convenience only and are not to be used in any judicial construction or interpretation of this Agreement or any paragraph.
- g. **Waiver.** The indulgence of either party with regard to any breach or failure to perform any provision of this Agreement does not constitute a waiver of the provision or any portion of this Agreement, either at the time the breach or failure occurs or at any time throughout the term of this Agreement. The review of, approval of, or payment for any of CONTRACTOR's work product, services, or materials does not operate as a waiver, and should not be construed as a waiver, of any of the CITY's rights under this Agreement, or of any cause of action the CITY may have arising out of the performance of this Agreement.
- h. **Force Majeure.** Notwithstanding any provisions of this Agreement to the contrary, the parties will not be held liable if failure or delay in the performance of this Agreement arises from fires, floods, strikes, embargos, acts of the public enemy, unusually severe weather, out break of war, restraint of government, riots, civil commotion, force majeure, act of God, or for any other cause of the same character which is unavoidable through the exercise of due care and beyond the control of the parties. This provision does not apply if the "Scope of Services" of this Agreement specifies that performance by CONTRACTOR is specifically required during the occurrence of any of the events herein mentioned.

- i. **Compliance/Consistency with Scrutinized Companies Provisions of Florida Statutes.** Section 287.135(2)(a), Florida Statutes, prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services of any amount if, at the time of contracting or renewal, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to section 215.4725, Florida Statutes, or is engaged in a boycott of Israel. Section 287.135(2)(b), Florida Statutes, further prohibits a company from bidding on, submitting a proposal for, or entering into or renewing a contract for goods or services over one million dollars (\$1,000,000) if, at the time of contracting or renewal, the company is on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, both created pursuant to section 215.473, Florida Statutes, or the company is engaged in business operations in Cuba or Syria. Contractor hereby certifies that Contractor is not listed on any of the following: (i) the Scrutinized Companies that Boycott Israel List, (ii) Scrutinized Companies with Activities in Sudan List, or (iii) the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor further hereby certifies that Contractor is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria. Contractor understands that pursuant to section 287.135, Florida Statutes, the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. Contractor further understands that any contract with CITY for goods or services of any amount may be terminated at the option of CITY if Contractor (i) is found to have submitted a false certification, (ii) has been placed on the Scrutinized Companies that Boycott Israel List, or (iii) is engaged in a boycott of Israel. And, in addition to the foregoing, if the amount of the contract is one million dollars (\$1,000,000) or more, the contract may be terminated at the option of CITY if the company is found to have submitted a false certification, has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria.
- j. **Law; Venue.** This Agreement is being executed in Bunnell, Florida and is governed in accordance with the laws of the State of Florida. Venue of any action hereunder will be in a court of competent jurisdiction within Flagler County and the City of Bunnell, Florida.

11. Special Provisions.

- a. This Agreement is a non-exclusive contract; the CITY is not prohibited, or deemed to be prohibited, from bidding similar services either as an independent job or a component of a larger project.

ENVIRONMENTAL LAND SERVICES OF FLAGLER COUNTY INC.

CITY OF BUNNELL - RFP 2023-02

Evaluation Criteria

A. Qualification and Experience

Environmental Land Services of Flagler County Inc. also referred to as ELS, is a family-owned company started in 2003 by Michael Morea and Nancy Morea. Michael Morea comes from 5 generations in the waste industry. He has over 45 years of experience. Nancy Morea is meticulous with upkeeping all policies and procedures necessary to maintain company records, reports, audits, payroll, and providing the necessary tools to employees to help them succeed. After years of planning, in 2012 they obtained a Solid Waste Operations Permit for a Transfer Station and a Construction & Demolition Debris Recovery Facility (MRF). (copy of DEP permit enclosed)

ELS has been servicing this community and the surrounding homes and business since its establishment in 2003. As a team we have strong moral ethic. Our goal is to salvage any recyclable products entering this facility. We sort and dissect peoples "unwanted items" and turn them into desirable and marketable products.

Class 1 MSW (garbage or putrescible organic waste than can decompose) is transferred off the premise to a landfill.

Class 111 MSW (non-putrescible & mixed concrete & demolition debris) is sent to a Class 111 landfill. C&D (construction & demolition debris) is sorted on the premise and recycled.

Clean and Dirty Concrete & Asphalt is accepted and prepared on site to produce aggregate material. Yard Waste is made into mulch and fill dirt.

We are fully licensed, bonded, and exceed requirements for all insurance request.

CITY OF BUNNELL - RFP 2023-02

Evaluation Criteria

B. Ability to Perform Scope of Work

ELS is currently taking in the material from City of Bunnell requested in this new proposal.

When we opened the City of Bunnell was actually the first truck to dump the first load of MSW in our transfer station over 10 years ago.

We service many municipalities for the same scope of work including but not limited to:

City of Palm Coast, City of Flagler Beach, City of St. Augustine, and City of St. Augustine Beach.

We accept debris from large haulers including but not limited to Waste Management, Waste Pro, Arwood Waste, and United Site Services.

We accept debris from hundreds of local customers including businesses and homeowners. This allows us to keep business local. It is detrimental to building a relationship and strengthening and support our community. Our staff is trained and fully prepared to respond to any questions or concerns. Our firm is capable of providing all services within the scope of work described. We pride ourselves in doing whatever steps necessary to get the job done. Our normal hours of operation are 7am to 5pm Monday through Friday, and 7:00 am to 3:00 pm Saturdays.

In the past we have assisted by the request of FEMA to help in many hurricane or storm related debris cleanups. We were approved as an official disaster clean up facility by FEMA.

We stayed open 7 days a week 5am to 7pm until roads were cleared of debris.

Our local phone number is 386-447-2222, however in any crisis the owner Michael Morea has his cel phone number posted in front of this facility to contact him at 386-931-4092.

ELS is owned by Michael and Nancy Morea. Our son John Morea has worked here since grade school. We are a family-owned company, and will always go above and beyond to get the job done.

We treat all customers the same. Large Companies, small businesses, or homeowner.

Environmental Land Services of Flagler County, Inc.

"Thru Service We Grow"

CITY OF BUNNELL - RFP 2023-02

Evaluation Criteria

C. Fee Structure / Schedule

Invoices are sent at the end of every week.

We currently send the invoice along with a backup report of all dump tickets on that invoice.

This makes it easier for your accounting department to process for payment.

You are also given a physical dump ticket at the scale when the driver dumps any debris.

Payment terms are net 30

We accept ACH or checks.

CITY OF BUNNELL - RFP 2023-02

Evaluation Criteria

D. Location Proximity of Facility to City Core

We are located 1.6 miles north of Moody Blvd. and US 1.

Given our convenient location, ELS will be able to save the City of Bunnell time and money in hauling alone. In addition, the city will also benefit from the long-term effects of less wear and tear on their equipment. After factoring in less fuel consumption and exhaust, you will also contribute to helping the environment with their global warming crisis.

- 1) Question 1: Can you give us a sample for the pricing sheet on Bunnell: *Addendum 1* MSW Class 1/ Class 111/ Landfill/ C&D / MRF Recycling Service/ Yard Waste Recycling/ Solid Waste Transfer/Transportation & Disposal Services?

Answer 1: The City does not use a set format or form for pricing. The fee schedule/cost sheet/pricing sheet provided in the Bid response should clearly identify the cost per yard/ton, cost per item, or however else disposal of solid waste, recycling, yard waste or construction debris may be charged by the responder. Any additional fees, such as fuel surcharges or any other possible fees that could be added to a dump ticket or invoice due to the service provided should be included in the fee schedule/cost sheet/pricing sheet.

- 2) Question 2: How does the City collect recycling materials?

Answer 2: The City collects recycling as single sort material. The City does not have the equipment or staff to collect materials already separated to deliver to the transfer site; items collected by City trucks will be delivered combined in one truck. If providing bid for recycling services transfer/transportation and disposal services, please identify what materials will be accepted for recycling. The City does residential single stream garbage and recycling collection (all garbage/recycling goes into one toter/cart issued by the City and is dumped into the same truck).

Clean commercial cardboard is collected by the City.

Commercial dumpster service is provided by the City.

In 2021, due to industry standards, the City had to alter its recycling program. At this time the following materials are collected for residential recycling: clean cardboard and aluminum; however, the City would like to resume the collection and processing of glass and plastics as part of the recycling program. Any bidder should include information on the types of materials they can/will take for recycling.

The City does not collect hazardous household goods on a regular basis. The City may wish to host a hazardous household waste collection day(s) and therefore is seeking rates for the disposal of these types of waste.

The City averages about 16-18 visits per week to our current provider to empty trucks.

4) Question 4: Where is the City delivering each of these waste streams to today?

Answer 4: The City's current contract is with Environmental Land Services LLC 1841 North State St., Bunnell, FL 32110.

The City has no other contracts for disposal of solid waste or recycling. For items not accepted by the current provider the City has used the following: Global Tire Recycling 1201 Industrial Dr., Wildwood, FL 34785.

- 5) Question 5: What is the current rate for disposal and/or processing the City currently pays for each waste stream?

Answer 5: Under the City's current contract, the City pays \$6.00 per cubic yard for yard waste, \$48.75 per ton for solid waste disposal and \$48.75 per ton for construction and debris disposal.

The City started paying a \$500.00 per week fuel surcharge in September 2022. This was due to rising fuel prices experienced by the current contractor, but was not considered to be a permanent charge and could be stopped once fuel prices are lowered further.

Per the original 2015 contract, there is a \$20.00 per ton rebate for clean cardboard; however, this rebate fluctuates based on the market rate.

- 6) Question 6: Based on the question and answer in Addendum NO.01 will the city provide a complete list of any multifamily and commercial customers it services as well as the number of single-family homes it collects from.

Answer 6: The table below reflects the number of solid waste accounts as of May 2023:

Service	Number of Accounts
Residential	1270
Commercial Cart	160
2 yd 1x per week	15
2 yd 2x per week	61
2 yd 3x per week	6
4 yd 1x per week	11
4 yd 2x per week	35
4 yd 3x per week	3
6 yd 1x per week	5
6 yd 2x per week	8
6 yd 3x per week	5
8 yd 1x per week	2
8 yd 2x per week	8
8 yd 3x per week	7

Note: The City is in several due diligence discussions with developers that will significantly increase the number of solid waste accounts, both residential and commercial, over the next 1 to 5 years.

- 7) Question 7: What are the services and frequencies for each waste stream the City provides to the residents?

Answer 7: Residential customers receive the following pick-ups per week: 1 yard waste, 2 solid waste, 1 recycling and 1 bulk pick-up.

Commercial carts are picked up once a week.

Commercial dumpsters can be picked up once, twice or three times per week.

Commercial cardboard is picked up once a week.

- 8) Question 8: Will the City provide a pricing format for the disposal portion for the bidders to respond with. If the City provides the form, it will create a uniform response.

Answer 8: The City is not issuing a pricing form for bid submittal (see question and answer 1 Addendum No. 02). Please provide the cost to dispose of items per ton or yard, whichever is applicable to the item type accepted by the bidder. If there are other possible fees or costs associated with the use of the dumping site, they need to be listed.

- 9) Question 9: Will the City extend the due date to allow time for bidders to adjust bids based on answers to questions submitted?

Answer 9: The bid due date will not be extended.

- 10) Question 10: Please explain ADA compliant electronic copy in pdf format.

Answer 10: ADA compliant means the document and any images have been converted to be readable to an e-reader.

- 11) Question 11: Please provide average daily, weekly, and yearly volumes of MSW Class 1. Please provide average daily, weekly, and yearly volumes of Class 111. Please provide average daily, weekly, and yearly volumes of Construction and Demolition debris. Please provide average daily, weekly, and yearly volumes of Recycling. Please provide average daily, weekly, and yearly volumes of Yard Waste. Please provide average daily, weekly, and yearly volumes of Tire Disposal. Please provide average daily, weekly, and yearly volumes of Solid Waste for transfer.

Answer 11: See charts provided in Addendum 02 Question 3. To provide this information for daily, weekly and yearly data would take an extended period of time to gather and organize for an answer which would delay the posting of the addendum and give potential responders less time to prepare and submit their bids.

12) Question 12: Please provide average daily, weekly, and yearly volumes of Household Hazardous Waste.

13) Question 13: Please explain How materials are delivered, i.e., type of truck, etc.

Answer 13: Currently the City operates two (2) solid waste trucks- a 2010 Mack LEU613 and a 2019 Peterbuilt 520- and one grapple truck- 2023 Freightliner M2. Materials are collected and delivered in all these trucks; dumped from the body of each truck.

14) Question 14: Are tires delivered in a separate truck?

Answer 14: Tires are delivered in their own load; only tires in the entire truck. They are delivered using the grapple truck.

15) Question 15: How are furniture, bulk, and appliances delivered, i.e., flatbed truck

Answer 15: All bulk and construction debris are gathered with the grapple truck and delivered in the same truck. Depending on the route ad items placed out for pickup, furniture and construction debris may be delivered in the same load.

16) Question 16: Is the City looking for a site to hold "Hazardous Waste" days twice per year?

Answer 16: The City has not determined if it wishes to hold these collection days. The City is looking to explore hosting these types of says one or twice a year.
