Public Discussion: None

Vote: motion carried by unanimous vote.

New Business:

4. MJSP 2024-01 Request approval of the major site plan for the Wastewater Treatment Facility Expansion Project.

Community Development Coordinator Calderin introduced and explained the item. He stated this expansion will cater to the future growth of the City; Staff recommended approval of the major site plan.

Co-Chair Masten asked what the time frame is from start to finish. Infrastructure Director Vost answered it will be 24 months from groundbreaking.

Motion: Approve the major site plan for the Wastewater Treatment Facility Expansion Project.

Moved By: Gary Masten

Seconded By: Gary Garner

Vote: motion carried by unanimous vote.

Old Business:

5. SE 2023-06 Request approval of the special exception to store commercial vehicles and equipment on 105 North Forsyth Street

Chair Lilavois recused himself from voting and passed the gavel to Co-Chair Masten

Community Development Coordinator Calderin introduced and explained the item. He stated what the surrounding area consists of and what the nature of the request is. He further said this is an after-the-fact request. Staff recommended approval with conditions.

Board Member Lafferty asked if the request involves a rezoning of the property. City Attorney Olsen said this is not a rezoning and only a request for a use that is not otherwise allowed for the current zoning district.

Board Members Lafferty and Catoggio discussed the implications on property taxes if a commercial use for a residentially zoned property were allowed.

City Attorney Olsen reminded the Board the request is for a special exception and not a rezoning. The request does not have precedential value as every request is unique.

Board Member Lafferty asked what would happen if the applicant does not follow through with the conditions placed upon the request. Community Development Coordinator Calderin said code enforcement would be started if any of the conditions are violated, and if in the future the applicant decides to expand his business, then he will need to come back to the Board.

Co-Chair Masten asked if the requested use has been in place since 2021 and if there are any documented complaints. Community Development Coordinator Calderin stated the use has been in place since 2021 and affirmed there are no documented complaints.

The applicant, Corey Udell and Michelle Udell, explained their reason for the request and what their intent is for the property. They presented items to the Board (shown in Exhibit A).

Board Member Garner asked the applicant if the only equipment being stored on the property is the truck, trailer, and the equipment on the trailer. The applicant confirmed this is true and plans to build a carport to store the equipment and vehicles under.

Francine Lilavois and Carl Lilavois expressed their concerns with granting the use to the applicant.

Motion: Approve the special exception request with the following conditions:

1. The property must adhere to the noise limitations for commercial use outlined in Section 26-199 of the Code of Ordinances. Any violation of these limitations will adhere to Section 26-203 of the Code of Ordinances.
2. All proposed Parking for the storage of the company's vehicles and/or trailers shall be that of a sealed surface according to Section 34-202(7) in the Land Development Code.
3. The special exception use shall remain incidental and accessory to the existing residential building.

4. Commercial vehicles permitted to park overnight on the property shall be small in nature such as pickup trucks and associated light duty single axle landscape trailers. Trailers used for hauling small lawn mowers, edgers, weed eaters, and associated small equipment shall be allowed as well. No more than five (5) company vehicles and/or trailers shall be stored on site at any given time.
5. Heavy duty trucks and trailers shall be prohibited on the property. These will include, but are not limited to, dump trucks, industrial vehicles, and tow trucks.
6. Storage of any landscaping materials and/or supplies on the subject property, such as sod, pavers, stones, concrete, mulch, fill material, soil, and other materials considered to be used by the landscaping company shall be prohibited.
7. Storage of any debris collected through business operations, such as, but not limited to, tree and landscape debris, shall be prohibited on site.
8. This special exception use shall only be effective for the current owner of the property, Udell's Landscaping Services LLC, and will not be transferable should the ownership of the property ever change. If under any circumstance the ownership of the property changes, this special exception shall become null and void.
9. The business will be required to obtain a business tax receipt with the City to operate their business out of this site and within the City limits.

RE: Udell's Landscaping Services LLC, request to utilize the property at 105 North Forsyth Street for the storage of commercial vehicles and equipment.

Udell's Landscaping Services have been an excellent neighbor for approximately 2 years. The business and entrance are located approximately 60 ft. from my front door and master bedroom window. The workers pickup and load equipment at approximately 7:30 am – 8am each day. The sounds that are made are very minor for approximately 15min. The only types of equipment I have noticed on the property are pickup trucks, small trailers carrying lawn mowing equipment.

My property, located at 102 North Forsyth Street is the last parcel of property on North Forsyth Street that the City of Bunnell hasn't commercialized. I built my home on North Forsyth Street when the entire street was multifamily/residential in 1988.

The Following is a list of disruptive things occurring on North Forsyth Street, far beyond what Udell's landscaping could ever accomplish:

- The City of Bunnell Solid Wasted Management garbage pick-up truck picks up garbage/recycling material between 12:30 am and 1:30 am on Tuesday, Wednesday and Friday also a commercial dumpster directly next door on Thursday. The City empties 7 trash containers approximately 30 ft. outside my bedroom window with loud banging annoying noise. Udell's Landscape Services have never been as disturbing as the City of Bunnell garbage collecting service.
- Directly next door (south side) to my home the City of Bunnell approved converting a single family home into a commercial business. On a weekly basis large tractor trailers load and unload equipment.
- Directly next door (north side) to my home the City of Bunnell approve a commercial business and allowed them to park approximately 15-20 vehicles on the small lot with vehicles extending so close to North Forsyth Street, when approaching the stop sign on West Lambert Street, the vehicles and trash dumpster is a traffic hazard and view obstruction.
- During the approximately 2 years Udell's Landscaping service have been a 105 North Forsyth Street, no one in the neighborhood have complained to me about them parking their vehicles and equipment or loud noise at the current location.

As a longtime resident on North Forsyth Street I approve of Udell's Landscaping Service to continue parking vehicles and equipment at 105 North Street. In the last few years, the City of Bunnell Have allowed approximately 90% of North Forsyth Street to become a commercial area.

Sincerely,

Roosevelt & Diann Brown

Summary/Highlights:

This is a request for a special exception use for a concrete batch and asphalt plant on property within the Steel Rail Industrial Park and zoned L-1, Light Industrial District.

There is a companion major site plan approval (Case No. MJSP 2023-05) for the development of the concrete batch and asphalt plant.

In accordance with local notification requirements, notice was provided in the Observer Local News on March 28, 2024; letters providing notice of the hearing date, time, and location were sent to adjacent property owners within 300 feet of the subject property in the City of Bunnell limits on March 21, 2024.

Background:

The applicant, Sparks Concrete Inc., has applied for special exception approval alongside major site plan approval in February 2023. The proposed development will entail operations for a concrete and asphalt plant such as the creation for new concrete and asphalt for roads and other commercial developments through the neighboring areas.

The current zoning of the subject property is L-1, Light Industrial. Within the permitted principal and accessory uses of the zoning district, the requested use is not listed as permitted outright. The nature of the requested use is more of what you would typically see in the L-2, Heavy Industrial zoning district; however, under permitted special exceptions for the L-1, Light Industrial District, it

states "other uses and structures not listed above that with certain restrictions can be compatible with the permitted uses of the district as determined by the Planning, Zoning and Appeals Board.

The proposed use would fit into the character of the surrounding area. It is located within an industrial park that hosts many industrial-styled uses but none of which are similar in intensity, but the location is secluded from main thoroughfares and residential uses. The subject property is at the back of the industrial park and is heavily buffered by vegetation from US Hwy 1.

The companion major site plan meets all of the requirements listed in the City's Land Development Code along with being consistent with the Comprehensive Plan and meeting other applicable state agency requirements.

Staff Recommendation:

Approve the special exception use for a concrete batch and asphalt plant located at 3060 Steel Rail with the following condition(s):

1. This special exception use shall run with the land and may be transferrable should the ownership of the property ever change so long as the new owner continues to use the property as allowed under this special exception. If under any circumstance the use of the property changes beyond what is allowed within this special exception, this special exception shall become null and void.

If motioned for approval, please state along the lines of "**I make a motion to approve the special exception with staff's conditions.**"

If motioned for denial, please state along the lines of "**I make a motion to deny the special exception for the use of a concrete batch and asphalt plant**" and state the reason for denial.

The Planning, Zoning and Appeals Board has the ability and authority to amend the conditions or apply more than what staff has recommended

Summary/Highlights:

The applicant, Moworks LLC, is requesting special exception approval to use the subject property that is currently zoned agricultural to operate their landscaping business and park/store/maintain their commercial vehicles and equipment.

In accordance with local notification requirements, notice was provided in the Observer local news on March 28, 2024; letters providing notice of the hearing date, time, and location were sent to adjacent property owners within 300 feet of the subject property in the City of Bunnell limits on March 21, 2024.

Background:

The applicant, Moworks LLC, is currently under contract to purchase the subject properties from the owner Dale Boudreaux, being identified by Parcel ID's: 16-13-31-2000-00030-0070 (known herein as "Parcel 1") & 21-13-31-0650-000B0-0021 (known herein as "Parcel 2"). The parcels are currently vacant with Parcel having been annexed into the city limits in 2023.

The property is currently zoned AG, Agricultural with an underlying Future Land Use designation of Agriculture. Within the surrounding area known as the Favoretta community, are a mix of residential

housing and commercial operations; however, not all of the surrounding area is within the City's jurisdiction. The area is very rural in nature. Directly abutting the north of the property is County Road 200. On the other side of the roadway is a property currently being used as a scrap/junk yard. Directly abutting to the southwest is an MRF facility. The rest of the surrounding parcels consists of single-family residences and minor agricultural accessory uses.

According to Sec. 34-107, the use being requested is not listed within the permitted uses or permitted special exceptions; however, subsection (c)(5) states "Other uses and structures not listed above that with certain restrictions can be compatible uses with the other uses in the district as approved by the planning, zoning, and appeals board." The character and intent of the requested use does not appear to have an intense nature and does not pose a nuisance or a detriment to the neighborhood. The applicant does plan to improve the property to accommodate the requested use such as constructing a storage/office building for the vehicles, equipment, and office staff and installing a concrete driveway. There is also the intent to fully fence the property to have minimal impact on the surrounding area.

The applicant has stated the company's employees will only operate on site if there is a need to repair any of the equipment that would be normally stored there. They would be operating normal business hours and access the site only for obtaining and off-loading their vehicles and/or equipment, other than what was previously mentioned along with the day-to-day office procedures. The office will not be open to the public.

The purpose and intent of the Agricultural zoning district is to preserve and enhance an agricultural lifestyle while facilitating orderly and sustainable development. This request is in line for what this district was created for as the proposed use will not be creating any hazards to surrounding residents, will not be inviting commercial traffic beyond the applicant's employees, and the business operations will have very low intensity on the area.

The applicant will be required to obtain site plan approval for any improvements planned for the subject property. The level of approval will depend on how much impervious area they intend to develop on the site.

Staff Recommendation:

Staff is recommending approval of the special exception to allow a landscaping business to operate and park/store/maintain commercial vehicles and equipment, owned by Moworks LLC, on the subject property with the following conditions to ensure the use does not adversely impact the neighborhood:

1. The property must adhere to the noise limitations for a commercial use outlined in Section 26-199 of the Code of Ordinances. Any violation of these limitations will adhere to Section 26-203 of the Code of Ordinances.
2. All proposed parking for the storage of the Company's vehicles, trailers, equipment, and/or employee parking shall be that of a sealed surface per Section 34-207(7) in the Land Development Code or as otherwise stated in Section 34-207(9)g. Handicap Parking must be of a sealed surface.
3. The special exception use shall be classified as the principal use of the property.
4. With the potential of employees working on the property to maintain the applicant's

equipment and vehicles, the proposed building must contain a restroom facility to service any on-site operation that is within the limitations allowed within this special exception.

5. Maintenance of vehicles owned by the applicant, and which are described herein, shall be allowed so long as it does not violate the City's noise ordinance.
6. The commercial vehicles/equipment permitted to be parked/stored overnight on the property shall be a maximum of 30.
7. The property shall be fenced to create a visual buffer from the storage of the commercial vehicles for the neighboring properties.
8. The maximum number of vehicles allowed shall not be exceeded. Any vehicle found exceeding the maximum number allowed provided herein shall be considered as a violation of this special exception.
9. Storage of any landscaping materials and/or supplies on the subject property, such as sod, pavers, stones, concrete, mulch, fill material, soil, and other materials considered to be used by the landscaping company, shall be prohibited.
10. Storage of any debris collected through business operations, such as, but not limited to, tree and landscaping debris, shall be prohibited on site.
11. The two parcels will be required to be combined into one lot/parcel as the proposed development of the building shows to be spanning across both properties on the conceptual plan.
12. This special exception use shall run with the land and may be transferrable should the ownership of the property ever change so long as the new owner continues to use the property as allowed under this special exception. If under any circumstance the use of the property changes beyond what is allowed within this special exception, this special exception shall become null and void.
13. Prior to using the property, the business will be required to obtain a business tax receipt with the City to operate their business out of this site and within the city limits after any required building permits and site plan approvals have been issued and/or finalized.

If motioned for approval, please state along the lines of **"I make a motion to approve the special exception with staff's recommendations."**

If motioned for denial, please state along the lines of **"I make a motion to deny the special exception for the landscaping business to operate and store commercial vehicles on the subject property"** and state the reason for denial.

The Planning, Zoning and Appeals Board has the ability and authority to amend the conditions or apply more than what staff has recommended

Summary/Highlights:

The applicant, Jacquelyn Rector with Houndstown USA, is requesting a special exception to use four (4) units in the building located at 3363 N. State St. for an interactive pet daycare and boarding facility.

In accordance with local notification requirements, notice was provided in the Observer Local News on March 28, 2024; letters providing notice of the hearing, date, time, and location were sent to adjacent property owners within 300 feet of the subject property in the City of Bunnell limits on March 21, 2024.

Background:

The applicant is wishing to establish a pet daycare and boarding facility in a multi-unit building located at 3363 N. State St and owned by Trilegacy Holdings LLC. The building is currently in the beginning stages of development and has already been issued a building permit. This is building is part of Phase 3 of 3 for the Verdigo site plans that were approved in 2021. The applicant is currently under intent to lease four (4) units for their commercial business.

The property is currently zoned L-1, Light Industrial with an underlying Future Land Use designation of Industrial. Phases 1 and 2 consisted of a storage complex to the rear of the

property and two multi-unit buildings fronting US Highway 1. The property abuts two other properties that have a wholesale business and offices for a landscaping company.

Within the L-1, Light Industrial District, the proposed use is not listed as a permissible use; however, under special exceptions, it states "other uses and structures not listed above that with certain restrictions can be compatible with the permitted uses of the district as determined by the Planning, Zoning and Appeals Board." This use is compatible with the permitted uses in the B-1 zoning district, which are also permitted in the L-1 zoning district.

The applicant has stated the following:

1. There will be no outdoor runs or play areas for the dogs.
2. There will be 24-hour video surveillance and have high technology fire and police notification systems equipped.
3. Boarding operations will involve a pet taxi which would be a Jeep Wrangler wrapped in Hounds town logo and decals for pet pickup.
4. Pet waste will be removed in garbage bags, discarded in a dumpster and removed by a private carter. This has been verified with the Flagler County office of the Florida Department of Health.

Staff Recommendation:

Staff recommends approval of the special exception use with the following conditions:

1. The business must adhere to Code of Ordinances Section 10-14. - Standards of care and inspection of commercial animal establishments.
2. In accordance with Section 50-5. - Franchise fees and agreements in the Code of Ordinances, the applicant must file an application with the Solid Waste Department for a franchise agreement to use solid waste services other than what is provided by the City.

If motioned for approval, please state **"I make a motion to approve the special exception with staff's recommendations."**

If motioned for denial, please state **"I make a motion to deny the special exception for the use of a interactive pet daycare and boarding facility."**

The Planning, Zoning and Appeals Board has the ability and authority to amend the conditions or apply more than what staff has recommended

Jaquelyn Rector
Hounds Town

February 15, 2024

February 15, 2024

To: The City of Bunnell, Zoning, Planning and Appeals Board

From: Jacquelyn Rector, President

Franchisee Hounds Town USA, Bunnell, Florida

Greetings Board Members,

Thank you for giving me this opportunity to introduce myself. I am Jacquelyn Rector, but my friends and business associates call me Jackie. I am a native of Kansas City, Missouri but I have lived and worked in Flagler County since 2008.

I moved to Palm Coast because of a job transfer from a Fortune 500 Company where I worked for over 30 years. I have attached a copy of my resume which will provide you with some additional information about my experience and background in Sales, marketing, and customer service.

Over the past {2} two years I have been vetting the top pet franchises in this industry. In 2022, after months of due diligence, I made an informed decision to become a franchisee for Hounds Town USA. Please know there was an approval process with Hounds Town that involved a great deal of effort on my part, and I was excited to learn that in February of 2023 I was given the opportunity to become a franchisee.

Last March I was awarded the cities of Ormond Beach, Bunnell and Palm Coast as my protected territories. Since that time, I have been working closely with Margaret Sheehan-Jones, CCIM of Parkside Realty in Palm Coast.

Because I am an active resident of Flagler County it was my ardent desire to open my pet business in the county in which I live. Margaret and I have worked for months to find the right location and last summer we were excited to locate this property in Bunnell.

The pet industry is one of the fastest growing industries in the United States. Consumer pet spending has increased each year and in 2023 was projected to hit \$143.6 billion dollars. Most everyone has at least one dog or a cat that is a member of the family.

Because of the growth in our county there is a strong need for a fully interactive pet facility like Hounds Town. There is nothing like it and I am so excited to bring this business to our community not only for my pet, but for all of Flagler County. I know you will agree as you review the information provided in this package.

In closing, I wanted to share with you that last year Hounds Town USA was given recognition by The INC. 5000 class by Franchising.com and ranked #24 out of fifty small businesses in Entrepreneur Magazine.

ABOUT US

HOUNDS TOWN USA WAS FOUNDED IN 2001 BY FORMER NYPD CANINE HANDLER, COMMANDING OFFICER OF THE NASSAU COUNTY POLICE DEPARTMENT, AND NAVY VETERAN MICHAEL S. GOULD. HE BRINGS MORE THAN 35 YEARS OF COMMERCIAL CANINE EXPERIENCE TO THE PET CARE INDUSTRY.

Hounds Town USA is a fully interactive daycare, boarding, and grooming pet care facility that offers worry-free, flexible, and reliable service. Since our inception in 2001, we have hosted nearly 1.5 million canine visitors.

Unlike many other pet care facilities, we offer FULLY INTERACTIVE daycare—meaning dogs are placed in play groups by size and temperament, where they interact and play all day long. The psychological structure that natural packs offer helps with

separation anxiety, confidence building, obedience, and many other behavioral issues. It's also peace of mind for our customers, knowing that their dogs have a place to be themselves without having to pay a fortune.

HOUNDS TOWN USA OPERATES ELEVEN LOCATIONS ACROSS TEN STATES.

OUR AWARDS

BEST OF THE BEST

Hounds Town – Port Jefferson once again takes home the gold for North Fork’s infamous publication Dan’s Papers’ annual awards. The contest focuses on identifying the best small businesses on the north shore of Long Island in a variety of categories, including pet care.

BEST OF LONG ISLAND

Hounds Town has been nominated for the best pet care facility on Long Island by Bethpage’s Best of Long Island Awards many years in a row!

BEST OF FRANCHISES

Hounds Town USA named 11th in Top 20 franchises of 2019 by Franchisehelp.com.

BEST OF GAME CHANGERS

Hounds Town USA named in Top 100 game-changing emerging brands by Franchise Dictionary.

OUR CUSTOMERS

PASSIONATE PET PARENTS

WORKING INDIVIDUALS & TRAVELERS

We offer an honest and straightforward approach to pet care. We do not upcharge for upgraded services like bottled water or extra walks. We charge one competitively low price that offers customers the chance to have a pet without having to take out a second mortgage on their home. Our customer base is largely school teachers, fireman, police officers, construction workers, and other blue collar members of the workforce.

BRAND

Every Hounds Town USA is designed to look like a town for dogs, complete with a fire station, police station, post office, cinema, spa, and dog hotel, for one stop shopping for pet owners. We also offer a pet taxi service and run a 501(c)3 charity that rescues and rehabilitates local shelter dogs. We have a strong relationship with many public and private shelters across the country.

INDUSTRY

More than 70% of all U.S. households own a pet. The pet care industry is growing rapidly and more and more dog owners are in need of reliable pet care. Spending on pets topped \$65 billion in 2015, up 25% from just 5 years ago. With that kind of growth, the demand for brand-recognized pet care services is stronger than it's ever been.

PRICING

Customers spend an average of \$39-\$42 every time they come to a Hounds Town on a variety of pet-related services.

OUR DAILY OPERATIONS

Hounds Town facilities are environmentally friendly in that we use low output energy sources, very little water, and all animal waste is removed from the property daily. Animal waste is never put into the septic or sewage system.

We have 24 hour surveillance and all our facilities are equipped with high technology fire and police notification systems.

Dogs are always kept inside the facility in individual enclosures or play areas.

There are typically no more than 3-4 employees on the premise at any given time.

We do not require excessive parking. Our customers are in our facility for typically no more than 5 minutes to pick up and drop off their dogs, so there is no demand for long-term parking beyond 2-4 spots for employees. Offering valet service to customers to avoid parking issues is also possible.

WHAT WE OFFER TO THE COMMUNITY

In addition to our doggie daycare, overnight camping, training, grooming, and pet taxi services, we also play a significant role in rehabilitating shelter and rescue dogs and educating communities on proper dog management through our charity, Hounds Town Charities, a 501(c)(3).

For the past 10 years, Hounds Town Charities has formed partnerships and relationships with dozens of private and municipal shelters to help bridge the gap between rescue and successful adoption. Through our rehabilitative program, we have helped to adopt dozens of dogs that may have otherwise been euthanized because of a misdiagnosed or misunderstood behavior problem.

Hounds Town Charities has acted as an overflow shelter for various shelters in the areas, and has provided training and rehabilitative services to the following shelters:

- TOWN OF HEMPSTEAD ANIMAL SHELTER
- TOWN OF NORTH HEMPSTEAD ANIMAL SHELTER
- TOWN OF ISLIP ANIMAL SHELTER
- SMITHTOWN ANIMAL SHELTER
- BROOKHAVEN ANIMAL SHELTER
- LITTLE SHELTER
- ALMOST HOME
- LABS FOR RESCUE
- ROAD TO HOME RESCUE
- LONG ROAD HOME
- SUFFOLK COUNTY DEPARTMENT OF SOCIAL SERVICES

... AND MANY MORE.

Through low or no cost rehab program, dozens of dogs have been adopted out to responsible members of the local community. Our charity work has helped to reduce euthanization rates, educate the community, and establish dog handling protocols to make shelters and rescues and their staff safer.

WHAT HOUNDS TOWN CAN DO FOR YOUR TOWN OR MUNICIPALITY

GIVE BACK TO THE COMMUNITY

Our new location will commit to partnering with private and municipal shelters to act as an overflow shelter and to house dogs at a reduced rate. This will allow shelters more time to find homes for dogs and not to be faced with euthanization as an only option for certain dogs.

OFFER NEEDED SERVICES TO TOWN RESIDENTS

Our facilities offers members of the community the opportunity to have pets and still work, go to school, go on vacation, take care of personal and family emergencies, and manage their lives without paying a fortune to do so. Hounds Towns have come to be staples in the communities we are already a part of.

PROVIDE JOBS

Each Hounds Town location employs between 3 and 10+ part- and full-time employees. We offer flexible scheduling for young employees who are in school, training opportunities for those wishing to become vet techs, trainers, or groomers, and more. We have also partnered with BOCES and local colleges in our communities to provide job and internship opportunities.

CONTRIBUTE TO ECONOMIC GROWTH WITHIN THE TOWN

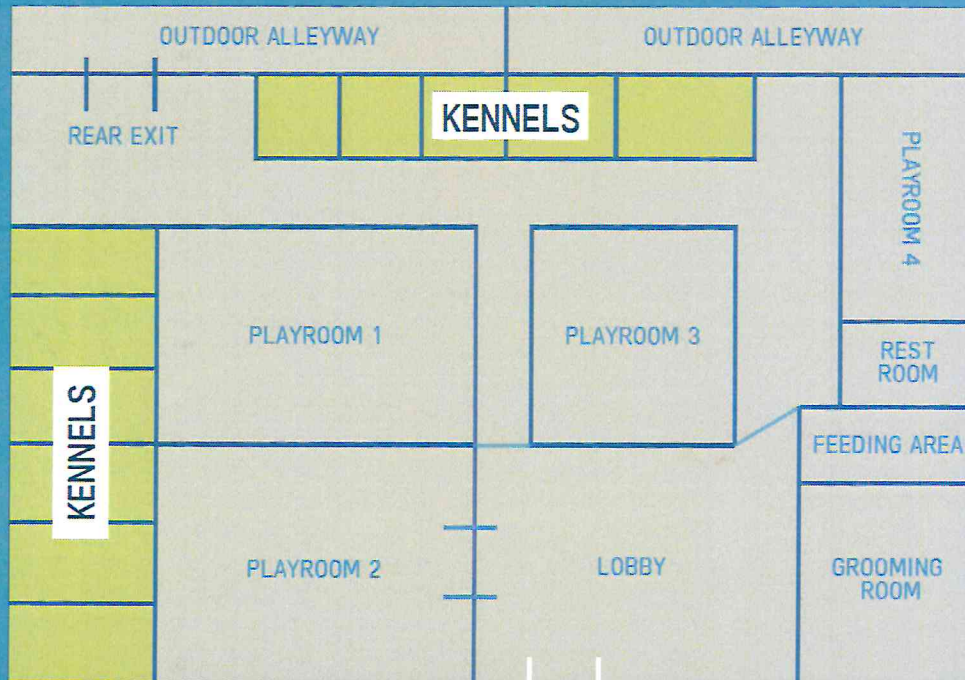

As a small business in your town, we will not only provide jobs and community outreach, but also be a taxpaying member of your town, thus contributing to economic growth.

SAMPLE FLOOR PLAN

- 4000-7000 SQ FT

OUR REQUIREMENTS

TERM OF LEASE

10 year lease

TYPE OF BUILDING

Stand Alone Building/Industrial/Factory/Warehouse. Ideal area is populated with noise-generating businesses such as auto body and repair shops, machine shops, etc. Ideally 10-15% office; 85-90% open warehouse space. In areas where free-standing or warehouse space is not available. Other type buildings of suitable size can be modified for our use, providing proper zoning is obtainable.

LOCATION

Warehouse or industrial within a 5-7 minute drive of main commuting highways.

WATER Requirements

Plumbing required, with at least one half bathroom.

SEWER Requirements

Required. Dog waste is NOT flushed down the toilets: it's removed in garbage bags, discarded in a dumpster and removed by private carter. Urine diluted with environmentally friendly products and immediately mopped. There are an average of 2-4 employees in the building throughout the day using the facilities.

SPACE size

4,000-7,000+ square feet, preferably a free-standing building or end unit of any industrial/light industrial/warehouse building. Outdoor space preferred, but not required. Facilities where outside areas are present only 5 dogs out under the supervision of staff. Access to outdoor areas such as walkways, alleyways, driveways—any adjoining open space that can be used as potential outdoor play areas. Areas do not need to be large (existing locations have 10-15 feet alleyway/walkway space surrounding certain parts of the building accessible through doors leading in to the warehouse space). Outdoor space can be converted to alleyways/outdoor areas by the use of 6-foot fences (they don't need to exist already).

SECURITY Requirements

Although outside space is not a requirement, in locations where an outdoor space is permitted, no more than 5 dogs are allowed outside and must be supervised by an employee.

TESTIMONIALS

■ I have been using Hounds Town for about five years now. I've used their day care, boarding and grooming services. All have been exemplary and I can't imagine using any other. Cole, my black lab never hesitates stepping paw onto the premises and eagerly (tail wagging and all) greets the crew. The whole staff is very attentive and loving. I've left Cole on various occasions for many nights and not once had any doubt that they would take the best of care of him. Marianne has trained her employees to be extremely accommodating and professional. Thanks for always being great Hounds Town!!!

Summary/Highlights:

The applicant, Shade & Shelter Boat & RV Storage Inc., is requesting major site plan approval for the development of the subject property located at 1225 W Moody Blvd.

Copies of the site plan will be provided to the Board members and will be available to the public upon request.

Background:

The applicant has applied for major site plan approval in December 2022. Their final resubmittal was in February 2024. The site is planned to be developed into a boat and RV storage facility with a total of 68 parking stalls with various lengths to accommodate differing types of boats and recreational vehicles. This facility will only be used for the storing of these vehicles and will not be used in any way for customers to reside on the property. The proposed use is permissible within the B-1 zoning district for which this property is designated as.

This project and the documents submitted meets all of the requirements listed in the City's Land Development Code along with being consistent with the Comprehensive Plan and meeting other applicable state agency requirements. All applicable Technical Review Committee (TRC) members have signed off on this project. This is anticipated to be complete within 10 months after the issuance of permits.

In accordance with Section 22-3(e) in the Land Development Code, the Planning, Zoning and

Appeals Board shall consider each major site plan application and shall base its decision on the use, size and dimension regulations for the respective zoning district, the site review standards established herein and all other applicable land development regulations, and comprehensive plan policies. The planning, zoning, and appeals board may impose conditions on-site plan approvals which ensure compliance with all applicable land development regulations and comprehensive plan policies.

Staff Recommendation:

Staff recommends approval of the major site plan for the Bunnell Shade and Shelter development with the following conditions:

1. Please submit all FDOT permits to the City upon issuance from the state agency.

Agenda Item No. 8.

Document Date: 3/18/2024
Department: Community Development
Subject: MJSP 2023-05 Requesting approval of the major site plan for Sparks Concrete Inc. located at 3060 Steel Rail Dr.
Property Address: 3060 Steel Rail Dr
Zoning Designation: L-1, Light Industrial
Future Land Use Designation: Industrial
Agenda Section: New Business

Description	Type

Summary/Highlights:

This is a request for major site plan approval of a concrete batch and asphalt plant on 12.4+/- acres of land.

A copy of the plans will be provided to the Board Members and will be available at the meeting for the public upon request.

Background:

The applicant, Sparks Concrete Inc., has applied for major site plan approval in February 2023. During review, it was determined that the applicant will have to submit an application for a replat of the Steel Rail Industrial Park Subdivision as the project was spanning over two parcels, one of which was not approved to be created in accordance with Section 30-55 in the Land Development Code. This replat was approved in November 2023 and was duly recorded in the Flagler County Public Records. The applicant resubmitted their plans in March 2024 after the TRC provided comments on the initial submittal.

The industrial plant will utilize water for their operations from an industrial well as permitted through FDOH. The site will also have a 1,200 square foot office building for office staff with associated parking.

This project and the documents submitted meets all of the requirements listed in the City's Land Development Code along with being consistent with the Comprehensive Plan and meeting other

applicable state agency requirements, except as stated in staff's conditions. All applicable Technical Review Committee (TRC) members have signed off on this project. This is anticipated to be complete within six (6) months after the issuance of permits.

In accordance with Section 22-3(e) in the Land Development Code, the Planning, Zoning and Appeals Board shall consider each major site plan application and shall base its decision on the use, size and dimension regulations for the respective zoning district, the site review standards established herein and all other applicable land development regulations, and comprehensive plan policies. The planning, zoning, and appeals board may impose conditions on-site plan approvals which ensure compliance with all applicable land development regulations and comprehensive plan policies.

Staff Recommendation:

Staff recommends approval of the Sparks Concrete Inc. major site plan with the following conditions to ensure compliance with all applicable land development regulations:

1. Prior to the issuance of any building permits and development of the site, the following will need to be addressed and/or corrected on the major site plan:
 - The City does not have capacity to provide industrial use potable water for concrete production. As discussed in our preapplication meeting, an Industrial/Commercial well permit must be provided to supply water for the proposed concrete plant/industrial uses on the site.
 - Provide a force main pump out assembly on the force main which equals the size of the proposed force main. See Standard Detail S-13 for layout and requirements. Note: The pump out assembly, valves and check valves are required for all commercial properties and are to protect the property owners from unforeseen force main pressures from other lift stations connected to the force main within Steel Rail Drive and the City.
 - If the force main velocities cannot be met with a 2" force main and the currently proposed pump, kindly increase the pump horsepower such that the DEP minimum 2 ft/s velocity can be met within the minimum required 2" force main. Alternatively, since this is on private property, the originally proposed 1.5" force main can be used, but at the property owners' own risk. Unfortunately, in either case, the City cannot assist with the maintenance of private force mains.
 - On sheet C-102, show the setbacks for the 800 SF storage building.
 - On Sheet C-107, correct the square footage of the office building to be consistent with the other plan sheets. The sheet calls out the office building being 1,250 SF; however, the rest of the plan sheets call out the office building being 1,050 SF.

If motioned for approval, please state along the lines of **"I make a motion to approve the major site plan for Sparks Concrete Inc. located at 3060 Steel Rail Dr. with staff's conditions."**

If motioned for denial, please state along the lines of **"I make a motion to deny the major site plan for Sparks Concrete Inc. located at 3060 Steel Rail Dr."** and state the reason for denial.

The Planning, Zoning and Appeals Board has the ability and authority to amend the conditions or apply more than what staff has recommended

Business Impact Estimate (Ordinance 2024-XX Reserve at Haw Creek Large-scale FLUM Amendment)	Report

Summary/Highlights:

This is a request to amend the Future Land Use Map in the Future Land Use Element of the 2035 Comprehensive Plan for 2,787+/- acres of land located west of US Hwy 1 and between State Hwy 100 W and State Road 11.

A companion PUD rezoning item will be presented at a later date.

This Future Land Use Map amendment was advertised in the Observer Local News on March 28, 2024.

Background:

The applicant, Northeast Florida Developers, LLC, has applied for a Future Land Use Map amendment for 2,787+/- acres on behalf of the owners, JM Properties X LLC and Wayerhaeuser Company. This large-scale amendment is for the mixed-use development known as the Reserve at Haw Creek.

The developers have been in the talks with the City since late 2022. In May 2023, the development

team met with City staff to formerly introduce the scope and entirety of the proposed development. Since then, staff and the development team have been in constant communication as they prepared to make a formal submittal. The application was submitted in October 2023. After review there were some comments sent back to the applicant. After a few more meetings, they resubmitted the revised plans and applications.

The Reserve at Haw Creek is proposed to be an integrated master planned mixed-use community including residential, commercial, light industrial, emergency support services, parks and recreation, and conservation. The community will include housing types ranging from affordable to market rate housing, consisting of attached and detached single-family residences to townhomes, garden homes and condominiums. A village center is proposed in the eastern portion of the subject development that will provide a mixture of neighborhood and community services, retail and commercial spaces, parks and trails, public services and amenities. The development will be adjacent to and expand the current urban core of the City, thus reducing the effects of urban sprawl as regulated by the City's 2035 Comprehensive Plan.

The existing Future Land Use designations are a mixture of Agriculture and Silviculture (AG&S) and Conservation-1 (CON-1). The proposed Future Land Use designations for the community are Rural Estates (RE), Single Family-Low Density (SF-L), Single Family-Medium Density (SF-M), Multifamily (MF), Commercial-Medium (COM-M), Industrial (IND), and Public (PUB). The subject parcels made part of the Reserve at Haw Creek were included in a City initiative to rezone areas that were annexed into the City in 2007 and currently have a redundant Flagler County zoning. The initiative is currently in the final phase which will amend the Future Land Use and rezone the properties containing a conservation-1 designation and change it to Agriculture and Silviculture designation. The subject parcels have since been removed to allow the applicant's application to move forward. The proposed designations will allow for maximum combined density of 5,833 DU/acre spread across the Reserve at Haw Creek community.

The intent of this large-scale map amendment meets the Goals, Objectives, and Policies of the City's 2035 Comprehensive Plan. The PUD rezoning for this development is nearing final review and will come before the Planning, Zoning and Appeals Board while the land use amendment is transmitted to the State Land Planning Agency.

Staff Recommendation:

Recommend approval to the City Commission for the applicant's request to amend the Future Land Use Map for 2,787+/- acres of land with the City of Bunnell.

AN ORDINANCE OF THE CITY OF BUNNELL, FLORIDA AMENDING THE CITY OF BUNNELL COMPREHENSIVE PLAN, AS PREVIOUSLY AMENDED; PROVIDING FOR THE LARGE-SCALE AMENDMENT TO THE FUTURE LAND USE MAP IN THE FUTURE LAND USE ELEMENT OF THE CITY OF BUNNELL COMPREHENSIVE PLAN RELATIVE TO CERTAIN REAL PROPERTY CONTAINING 2,787± ACRES, OWNED BY JM PROPERTIES X LLC AND WEYERHAEUSER COMPANY, WITHIN THE CITY OF BUNNELL AS SHOWN IN EXHIBIT “B”; PROVIDING FOR LEGISLATIVE FINDINGS AND INTENT; PROVIDING FOR ASSIGNMENT OF THE LAND USE DESIGNATIONS FOR THE PROPERTIES DESCRIBED HEREIN; PROVIDING FOR SERVERABILITY; PROVIDING FOR RATIFICATION OF PRIOR ACTS OF THE CITY; PROVIDING FOR CONFLICTS; PROVIDING FOR CODIFICATION AND DIRECTIONS TO THE CODE CODIFIER AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the real properties which are the subject of this Ordinance are described in Exhibit “B”, located in the City of Bunnell; and

WHEREAS, the owners of the real properties shown in Exhibit “B”, JM Properties X LLC and Weyerhaeuser Company, have authorized the applicant, Northeast Florida Developers LLC, to apply for an amendment to the Future Land Use Map in the Future Land Use Element of the 2035 Comprehensive Plan; and

WHEREAS, this large-scale Future Land Use Map amendment is to allow for an integrated master planned mixed-use community known as “Reserve at Hawcreek”; and

WHEREAS, this large-scale Future Land Use Map amendment adheres to the City of Bunnell’s 2035 Comprehensive Plan Goals, Objectives, and Policies for future planning and development; and

WHEREAS, the City of Bunnell’s Planning, Zoning and Appeals Board, as the City’s local planning agency, held a public hearing on April 11, 2024 to consider amending the Future Land Use Map of the Future Land Use Element of the *City of Bunnell Comprehensive Plan* and recommended approval of the proposed Future Land Use Map amendment to the *Comprehensive Plan* for the subject properties as requested by the applicant; and

WHEREAS, Section 163.3184, *Florida Statutes*, relates to the amendment of adopted local government comprehensive plans and sets forth certain requirements relating to large-scale amendments and which are related to proposed large-scale development activities and provides, among other things, that such amendments may be approved without regard to statutory limits on the frequency of consideration of amendments to the *City of Bunnell Comprehensive Plan*; and

WHEREAS, the City of Bunnell has complied with all requirements and procedures of Florida law in processing this amendment to the *City of Bunnell Comprehensive Plan* including, but not limited to, Section 163.3184, *Florida Statutes*.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF BUNNELL, FLORIDA:

Section 1. Legislative Findings and Intent.

(a) The City Commission of the City of Bunnell hereby adopts and incorporates into this Ordinance the City of staff report and City Commission agenda memorandum relating to the application relating to the proposed amendment to the *City of Bunnell 2035 Comprehensive Plan* pertaining to the subject properties and the recitals (whereas clauses).

(b) The City of Bunnell has complied with all requirements and procedures of Florida law in processing and advertising this Ordinance.

(c) This Ordinance is internally consistent with the goals, objectives and policies of the *City of Bunnell 2035 Comprehensive Plan*.

(d) The exhibits to this Ordinance are incorporated herein as if fully set forth herein verbatim.

Section 2. Amendment to Future Land Use Map.

(a) The Future Land Use Plan Element of the *City of Bunnell 2035 Comprehensive Plan* and the City's Future Land Use Map are hereby amended by assigning the various Future Land Use designations to the real properties shown in Exhibit "B" which are the subject of this Ordinance as set forth herein.

(b) The parcel boundary legal description of the "Reserve at Hawcreek" mixed-use community is shown in Exhibit "C".

Section 3. Implementing Administrative Actions.

The City Manager, or designee, is hereby authorized to implement the provisions of this Ordinance as deemed appropriate and warranted.

Section 4. Ratification of Prior Actions.

The prior actions of the City Commission and its agencies in enacting and causing amendments to the *2035 Comprehensive Plan of the City of Bunnell*, as well as the implementation thereof, are hereby ratified and affirmed.

Section 5. Severability.

If any section, sentence, phrase, word, or portion of this Ordinance is determined to be invalid, unlawful, or unconstitutional, it shall not be held or impair the validity of the ordinance or effect of any other action or part of this Ordinance.

Section 6. Conflicts.

All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 7. Codification/Instructions to Code Codifier.

It is the intention of the City Commission of the City of Bunnell, Florida, and it is hereby ordained that the provisions of this Ordinance shall become and be made a part of the codified version of the City of Bunnell *2035 Comprehensive Plan* and/or the *Code of Ordinances of the City of Bunnell*, Florida in terms of amending the Future Land use Map of the City.

Section 8. Effective Date.

The large-scale Comprehensive Plan amendment set forth herein shall not become effective, in accordance with Section 163.3184(4)(c)4., *Florida Statutes*, until 31 days after the state land planning agency notifies the City that the plan amendment package is complete. If timely challenged, this large-scale amendment shall not become effective until the state land planning agency or the Administrative Commission enters a final order determining the adopted amendment to be in compliance.
