

January 27, 2024 ANNUAL CLEANUP DAY

You can be the solution to water pollution!

No New Years Resolution? ... No problem! This year commit to helping keep our Historic City clean by joining us for our annual cleanup day. What better way to start off the New Year than by coming together as a community to clean up our City! As part of our ongoing Stormwater permit requirements, educating our residents on ways they can contribute to keeping our local water bodies clean, we need YOU to join us in this effort!

Sponsored by:

PC Construction

VOLUNTEERS NEEDED!

When:

Saturday, January 27th
11am – 2pm

Where:

Versie Lee Mitchell
Community Center
405 E. Drain Street, Bunnell

Pollution Prevention starts at our front doors! Trash from around our neighborhoods can travel through the storm drains and into our local water bodies.
